Layout preview — text, table, code

SECTION HEADING

- First-level bullet with **inline emphasis**
- A second bullet, and a **42.7%** figure in accent colour
  - A sub-item, quieter than its parent
- Third bullet, closing the list

Quantity	Value
First row	1
Second row	2
Third row	**3**

EMPHASIS

Body text in the normal ink colour, sized for projection, and alerted text for something that must not be missed.

Highlight box — teal rule, for a point worth remembering.

Layout preview — boxes, code, diagram

Technical box — navy rule, for an implementation note.

Warning box — amber rule, for a caveat or a risk.

Pill: one line, the slide's takeaway

```
1 /* Code block --- monospaced, */
2 int example(int n)          /* line numbers
      optional */
3 {
4     return n * n;
5 }
```
